An Extraordinary Human Being Practices...

Integrity – Honor your word. That is, do what you said you would do by when you said you would do it. And, when you don't, clean it up, make new promises and keep them.

BE UNREASONABLE

Being Racket-Free: Give up being right

Being Powerful: Be straight in your communication and take what you get

Being Courageous: Acknowledge your fear and then act.

Being Peaceful: Give up the interpretation “there is something wrong here”

Being Charismatic: Give up “in order to” and trying to get somewhere

Being Enrolling: Share your new possibilities in such a way that others are touched, moved and inspired by that possibility.

The New Realm of Possibility

- New possibilities for being call you powerfully into being
- New openings for action call you powerfully into action
- A new view and experience of life emerges as constraints from the past disappear

Possibility is used in an unconventional way. As we use the word here, it distinguishes a phenomenon that exists in and impacts the present, rather than its ordinary meaning where the word “possibility” represents an outcome or goal in the future that might happen/maybe will happen.

Genesis – the way in which something comes to be; beginning; origin

Realm – a domain; region; sphere; area; kingdom

Bring Forth – to give birth; to produce; to make known, disclose

ENROLLMENT

Enrollment is causing a new possibility to be present for another such that they are touched, moved or inspired by that possibility.

To be present – being, existing, occurring at this time or now

Causing – bringing about; making happen; producing
